

10 REASONS YOUR DISTRICT Deserves DreamBox

(PLUS ALL THE DATA YOU NEED TO MAKE YOUR CASE)

DreamBox Learning® Math is an adaptive, online K–8 math instructional program designed to complement classroom practice. DreamBox provides in-the-moment insights for educators to make the best instructional decisions for every student, and gives administrators insights to help evaluate instructional programming.

Here are ten clickable reasons to consider DreamBox for your district:

- 1 Motivating** DreamBox offers an engaging, game-like environment that motivates students to persist, progress, and achieve success. www.dreambox.com/k-8-math-lessons
- 2 Proven** DreamBox is proven to have a significant impact on student learning outcomes. In fact, the Center for Education Policy Research (CEPR) at Harvard University identifies a linear correlation between DreamBox usage and improved scores on the Measures of Academic Progress® (MAP®) assessment. www.dreambox.com/research
- 3 Formative** DreamBox provides instruction and intervention based on formative feedback in the moment of learning. www.dreambox.com/white-papers/rti-toolkit
- 4 Aligned** DreamBox is aligned to all state standards, Common Core, and Canadian standards to make learning and teaching easier. www.dreambox.com/standards-alignment
- 5 Multilingual** DreamBox supports English Language Learners (ELLs) and dual language-immersion programs with a visual and conceptual learning experience in Spanish and English. www.dreambox.com/spanish
- 6 Flexible** DreamBox delivers on-demand and custom professional development (PD) programs designed to build a deeper understanding of math by refining best practices in pedagogy and creating effective, standards-based, learner-centric environments. www.dreambox.com/professional-development-services
- 7 Rigorous** DreamBox provides a challenging, standards-aligned, evidence-based curriculum that promotes a deeper conceptual understanding of math by encouraging different pathways to solving problems. www.dreambox.com/video/learning-time-dreambox-virtual-manipulatives
- 8 Empowering** DreamBox helps educators discern how learners are thinking, responding to, and understanding math so they can more effectively support learning progress while setting and meeting goals and state standards. www.dreambox.com/video/empowering-educators
- 9 Adaptive** DreamBox adapts to a student's actions with every click to meet them at the right level, and respond—within lessons and between lessons—with personalized instruction that is engaging, rewarding, and promotes decision-making and strategy development. www.youtube.com/watch?v=G9aGYbsZEal
- 10 Recognized** DreamBox has earned over 40 top education and technology industry awards, including multiple CODiE, EDDIE, and Return on Education (ROE) Innovation Awards. www.dreambox.com/awards

Find out what 200,000 teachers and more than 5 million students across the U.S., Canada, and Mexico already know.
